

Briech Atlantic

We transform your vision into reality through innovative design, and quality craftsmanship

BRIECH ATLANTIC

About Us

Briech Atlantic Ltd serves as the structural backbone of the EiB Group, setting the standard for modern, durable infrastructure and construction excellence across Nigeria. More than just a builder,

Briech Atlantic is a strategic partner in national development committed to delivering high-quality infrastructure that is built to last.

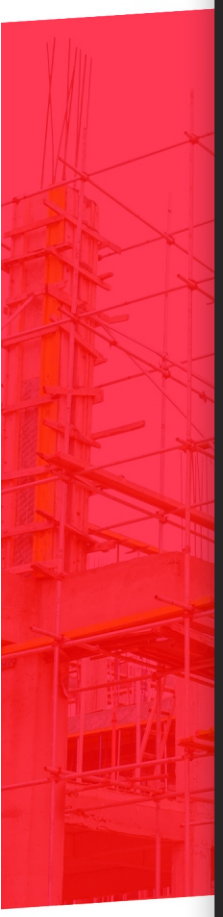

As a leading indigenous construction, engineering, and infrastructure development company, we deliver innovative, cost-effective, and high-quality solutions across Nigeria and beyond.

As a multidisciplinary construction and project delivery company, we combine technical expertise, experienced professionals, modern equipment, and global best practices to execute projects of varying complexitiesfrom conception to completion. Our reputation is built on excellence, innovation, quality, integrity, and timely project delivery. Whether delivering iconic buildings, large-scale infrastructure, commercial developments, institutional facilities, industrial projects, or luxury interior finishes, Briech Atlantic remains a trusted partner in shaping the future of the built environment. Our mission is simple: to translate visionary blueprints into tangible, robust structures that support vibrant communities and robust commerce.

Building Excellence | Delivering | Innovation | Creating Lasting Value.

Guided by excellence, innovation, and integrity,

OUR VISION

To be Africa's leading construction and infrastructure development company, recognized for delivering innovative, sustainable, and world-class engineering solutions that transform communities, drive economic growth, and exceed client expectations.

OUR MISSION

To provide exceptional construction, engineering, real estate, and infrastructure solutions through innovation, professionalism, integrity, quality craftsmanship, and the deployment of highly skilled professionals and modern technology. We are committed to delivering projects safely, on schedule, within budget, and to the highest international standards while creating lasting value for our clients, stakeholders, and society.

OUR CORE STRENGTHS

Our competitive advantage is built upon:

- Innovative construction and engineering solutions
- Highly qualified architects, engineers, builders, and project managers
- Strict adherence to international quality and safety standards
- Timely project execution and efficient cost management
- Modern construction technologies and equipment
- Sustainable and environmentally responsible practices
- Transparent project management and accountability
- Exceptional customer service and long-term client relationships

KEY ACTIVITIES

- Design and construction of residential, commercial, and institutional buildings
- Road, bridge, and civil works for government and private clients
- Implementation of green building practices
- Real estate development and estate planning

What Sets Our Work Apart

- Design and Construction – Delivering cutting-edge residential, commercial, and institutional buildings that are both aesthetically pleasing and structurally sound
- Civil Works and Infrastructure – Executing vital public and private projects including roads, bridges, and complex civil works essential for national connectivity and economic growth
- Sustainable Development – Championing the future of construction through green building practices, ensuring projects are environmentally responsible and energy efficient
- Real Estate Development – Engaging in strategic real estate development and modern estate planning, creating organized and functional living and working environments for a growing population

Briech Atlantic's dedication to quality ensures that every project contributes positively and sustainably to Nigeria's evolving landscape.

At Briech Atlantic Ltd, excellence is not merely a goal – it is our culture.
